Prior to the meeting tonight, Wilbur Noakes and Alice Schieffer met at Bank Midwest to transfer the Money Market funds to the Checking account. The Money Market account is now closed as of today. Approve MOU for A2016-008 WildKat Track

The Missouri Department of Natural Resources conducted a monitoring visit and requested that the King City School District would also have to have a lien placed on the school property due to the site improvements to the school track since the costs was over \$5,000. Linda Laderoute suggested doing a Memorandum of Understanding just like Worth County School approved. Basically the MOU states they will not sell or move the track. King City School approved the MOU. Rod Dollars motioned to approve the MOU for the Wildkat tract, seconded by Kat Morgan (4 ayes; 0 nays).

Release the RFQ for the District Operations, first year of 5 year cycle

A copy of the RFQ for District Operations was reviewed by all members. The RFQ will be advertised and responses are due by May 7, 2018. The contract for District Operations is advertised every five years. Kat Morgan motioned to release the RFQ for District Operations, seconded by Wilbur Noakes. Motion passed (4 ayes; 0 nays).

Review, score and rank FY' 19 Solid Waste Management District Grant Applications

The District received five grant applications this grant cycle. Grants received were:

Albany Parks Recycling for \$4,423

HHW Vendor Pick-up for \$11,242

Northwest Missouri State University, Horizontal Baler for \$19,500

Northwest Missouri State University, Perforator for \$19,500

Worth County Wood Mulcher Attachment for \$15,600

The Solid Waste Advisory Committee met to review the criteria and each grant and made their recommendations to the executive board. (See attached Recommendations). The Advisory Board agreed that 4 of the 5 grants were eligible. The determination of the Worth County Wood Mulcher was considered to be ineligible since it didn't meet the guidelines. The Executive Board took the Advisory Committee's review into consideration and agreed with the Advisory Committee that the wood mulcher did not meet the criteria of the District goals.

The scoring packet and grants were distributed to all members, except to Kat Morgan, who will not be able to score any of the grants since she is the applicant signer on the City of Albany's grant. This is due to the State's conflict of interest policy.

The District has \$87,426.29 available in funding for this grant call. The four grants to be scored total \$54,665, leaving a balance of \$32,761.29 for a second grant call if all four grants meet the scoring criteria. After tabulation from the scoring, below are the results from three board members:

Name of Grant	Average Points	Ranking
Albany Parks Recycling	280	3
HHW Vendor Pick-up	273.3	4
NWMSU Horizontal Baler	283.6	1
