

Northwest Missouri's Broadband Survey for individuals and families has launched!

Help the Northwest Missouri Regional Council of Governments, University of Missouri Extension, and economic developers in Atchison, Gentry, Holt, Nodaway, and Worth counties identify high-speed broadband gaps in our communities. Take the 5-minute survey and speed test at <https://tinyurl.com/MoBroadband-Survey>, or access the survey using the QR Code. Help our communities get better connected. #MOBroadband
